Robinson, TX 76706

Re: 2014-2015 Fiscal Budget

Mayor & City Council Members:

In accordance with the Civil Statutes of the State of Texas and the Charter of the City of Robinson, the proposed budget and program of services for the fiscal year beginning October 1, 2014 is submitted for your review and consideration. The budget is intended to present in financial terms, the overall plan for providing municipal services during the upcoming year. The budget provides the basis for a higher level and quality of services of the City's infrastructure to ensure progress and development in the community. This budget provides funding for similar levels of service offered by the City as last year.

The 2014-2015 Annual Budget has been developed in preparation to provide the necessary capital items and personnel needs for the future expansion of the City organization. The maintenance and improvement of City services to its citizens are always the goal of the budget process. The budget includes only necessary capital outlay expenditures for the General Fund, Water and Wastewater Funds. The budget further provides for continued improvements to our streets, water system, wastewater system, and park.

City Website

A new website for the City is included in this year's budget. The City of Robinson website is our first impression to visitors, potential residents and businesses. The website reflects us as a city, our level of professionalism and sets the tone for our city. Transparency creates trust and credibility for our city. The website provides the avenue for providing all the

information residents and businesses need or desire from our offices. A more effective website would demonstrate our city operations as cohesive. The funding for this new website will be achieved partially through the general fund and hotel/motel tax.

Personnel Expenditures

Cities are service-based organizations in which attracting and retaining qualified employees is critical in accomplishing the organizations mission. We believe the city is salary competitive in our local market in most positions. Turnover in these positions has remained low despite enhancements in last year's budget. This will be a focus for future budgets.

A majority of the General Fund Budget is associated with human resource expenditures in various departments. The second year of the new pay plan structure suggests an average evaluation percentage of 4.65 percent. To balance the budget, and keep the tax increase amount low, this percentage was reduced to 3 percent by management. As a result of this action, the projected personnel expenditure for Fiscal Year 2014-2015 is expected to be \$4,381,002. There will be 1 administrative assistant added to this year's budget.

Health Care

The City changed healthcare providers this past budget year to TMLIEBP. The City is pleased with the performance of this provider and will continue to use TMLIEBP into the next budget year. Management recommends an 8% increase in the budget for health insurance services and or adjustments during this time period. We will continue efforts to maintain stability and additional cost savings in our health plan. We will monitor the plan in the upcoming year for overall costs and for the impact of healthcare reform and will appropriately consider future contribution increases.

Projected City Revenues

City revenues are derived from general fund (property tax, sales tax), municipal court fines, water consumption, and sanitary sewer usage. The total revenues for Fiscal Year 2013-2014 were \$12,447,397. The total projected revenues for Fiscal Year 2014-2015 are expected to be \$12,941,202. This is an increase of \$493,805 or 3.967 % from last year's budget. Municipal court revenues are projected to decrease 31 % from \$190,000 to \$130,000. Wastewater fund revenues are projected to increase 15.761 % from \$1,645,266 to \$1,926,776. Water fund revenues are projected to increase 4.187% from \$4,337,667 to \$4,519,298. The current Hotel/Motel tax fund is \$52,668. This fund is projected to increase to \$77,232 during the next budget year.

General Fund Revenue

General Fund Revenue in Fiscal Year 2013-2014 was \$6,464,464. This fund is expected to increase 0.474 % to \$6,495,128. Sales tax revenue budgeted for FY 2013-2014 was \$1,044,241. It is projected that the 2014-2015 Budget will generate \$1,139,928 in sales tax

revenue to the city. This would be an 8.761 % increase in sales tax. This projection takes into account possible recovery levels of consumer spending which directly affects sales tax revenues. Ad Valorem tax was \$2,954,712 in Fiscal Year 2013-2014. It is projected that the Fiscal Year 2014-2015 budget will generate \$3,146,011 in Ad Valorem tax or an increase of 6.474 %.

Progressive Waste Solutions Contract

The contract with Progressive Waste Solutions for sanitation services was \$640,750 in Fiscal Year 2013-2014. The contract for services will be \$657,369 in Fiscal Year 2014-2015. This includes a 2% increase adjustment for the Consumer Price Index. The contract that was adopted in 2013 will be effective until June 30, 2018.

Robinson Volunteer Fire Department Contract

The Robinson Volunteer Fire Department contract for services in Fiscal Year 2013-2014 was \$222,774. The Fiscal Year 2014-2015 budget will include an increase of \$2,555 in this contract to an amount of \$225,329.

Building Permit Activity

New residential and commercial construction activity was slower this year. There were no industrial building permits issued. There were 42 residential building permits valued at \$7,766,375. There were 3 commercial building permit valued at \$5,420,000. A significant portion of this activity occurred in existing developing subdivisions and throughout the City. The permit rate schedule will remain unchanged.

Water & Wastewater Capital Improvements

In order to continue the implementation of the initial water and wastewater increase plan as of October 2012, a water and wastewater rate increase will be required to be effective on October 1, 2014 in order to continue to assemble funds to provide payments for Certificates of Obligation Bonds for the construction of capital infrastructure improvements. The rate increases for water and wastewater for the next budget year and beyond through the year 2016 will consist of the following:

Water

	<u>Current</u>	<u>October 2014</u>	<u>October 2015</u>	<u>October 2016</u>
Monthly Base Charge	35.71	38.92	42.43	46.25
(1st 10,000 gallons)	3.81	4.15	4.53	4.93
Residential Monthly Bill (Avg.)	73.81	80.42	87.73	95.55
Base Commercial Charge (3/4	39.32	42.86	46.72	50.92
(1st 10,000 gallons)	3.93	4.28	4.67	5.09

Note: The amount of the water rate increase will be 9.0% in October 2014, 9.0% in October 2015, and 9.0% in October 2016. Economists.com recently updated the water and wastewater revenue and expense forecast for the City of Robinson. The results of that study reveal that growth in the City of Robinson has experienced reduced levels. These reduced levels will not be collecting the amount of revenue to meet funding

requirements to service debt. The water rate schedule has been updated to provide for additional increases in water rates to ensure the required revenue.

Wastewater

	<u>Current</u>	<u>October 2014</u>	<u>October 2015</u>	<u>October 2016</u>
Residential Monthly Base Charge	32.91	37.85	38.61	39.83
(Per 1,000 gallons)	0.61	0.70	0.71	0.73
Commercial Monthly Base Charge (¾)	35.55	40.88	41.70	42.53
(Per 1,000 gallons)	0.67	0.77	0.78	0.80

Note: The amount of the wastewater rate increase will be 15% in October 2014, 2% in October 2015, and 2% in 2016.

Waco Water Contract

The City of Robinson entered into an “Agreement for the reservation of raw water and sale & delivery of treated water-wholesale customer” on October 31, 2012. The cost of treated water from the City of Waco will cost \$496,400 for the next budget year. This is a \$40,150 increase from last year’s budget amount of \$456,250.

Population Growth

The City of Robinson continues to grow amongst all other metropolitan and suburb communities. The 2010 Census estimated the population of Robinson as of January 2010 as 10,522. The current 2014 population is estimated as 11,614 (i.e. estimated using a 2.50% annual population increase) The City of Robinson continues to be the fastest growing city in McLennan County.

Certificate of Obligation Bond Information

The City currently has unexpended bond proceeds for the 2013, 2012, 2010, and 2007 bond issuances. It is anticipated that these unexpended monies will continue to be spent within the foreseeable future, probably during the late 2014 to 2016 time frame. Management updates the City Council on a quarterly basis to provide current balances for the Certificates of Obligation Bonds that have been issued for city improvements. The total amount of funds currently available is \$18,223,799.90. These funds are issued primarily for water, wastewater, and street capital improvements to the City’s infrastructure system, and other City designated projects.

Street Construction Strategy

The City of Robinson’s new street construction strategy to reclaim the City’s streets continues to make progress since its inception in 2013. The initial first year saw the reconstruction of 5 miles of streets within the City that included Schaeper, Berry, Tynes, Cooksey, Caron, and Durie. The 2014 construction season will see 11.33 miles of streets to be reconstructed. The streets effected will include Hillside, Greig, Coahula, Hamilton, Delia, Inez, O’Campo, Greenbriar, Lawndale, Dean, Carlos, Aubrey, Valley View,

Candyce, George Brooks, Lux, Lark, Hendrix, Falcon, Adrian, Conine, Georgia, Brint, Sunbird, Wren, and Linnet, Cathy, Sam, Kettler, Jennifer, Donlo, and Shamrock.

Tax Information

Property valuations have continued to increase due to new residential and commercial property construction and renovations. The certified tax roll is valued at \$654,906,021. This is a \$26,243,944 million increase from last year's \$628,662,077 million valuation. This net taxable amount suggests a 4.1745% growth rate for the year in value.

The budget is based on the effective tax rate which is calculated to raise the same revenue as last year on those properties that were then on the tax roll. The effective tax rate for this year's budget is 0.459733. The current tax rate is .4700 cents. The Fiscal Year 2014 rollback rate adjusted for sales tax is 0.493882 cents. A tax rate increase of 0.01038 cents is recommended in this year's budget. This increase will raise the tax rate to 0.480376.

The reason for the tax increase this year is to aide in funding certificate of obligation bond issuances, additional personnel, and to purchase needed capital outlay items. There will be a new administrative assistant in this year's budget. The capital outlay items include two trucks and a jetter machine in wastewater, a folder machine in the water office, membrane replacement and butterfly valves in water treatment, well expense and system improvements in water distribution, a truck in streets, and a new server upgrade in administration. The effect of the tax increase based on a property value of \$100,000 will be \$10.38 per year.

Commitment to Service

The City of Robinson continues each year to evaluate our daily operations and financial strategy for the future. We will continue to look at revenue sources or make adjustments to the services provided to our citizens. City staff will continue to monitor the financial situation in a timely manner and will be prepared to bring recommendations to the City Council at any time during the year if serious revenues or unexpected expenses arise. The budget is intended to communicate to its readers the direction the City will follow in the future. We will also continue to explore new opportunities to ensure the delivery of services to our citizens as cost effective as possible.

Respectfully Submitted,

Robert E. Cervenka
City Manager
City of Robinson

These are fees that are mandated by the state legislature to be levied on various complaints issued by law enforcement. Most of these funds are transmitted to the state, with the city allowed to retain 10 percent.

5436, 5437, 5439, 5460 and 5464 are Special Revenue Funds that are retained by the city, to be expended in a manner provided by law.
