Never pass a bus from behind – or from either direction if you're on an undivided road – if it is stopped to load or unload children

Be alert; children often are unpredictable, and they tend to ignore hazards and take risks

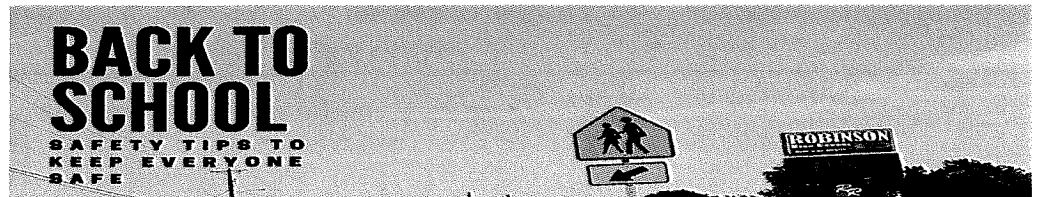

If you're driving behind a bus, allow a greater following distance than if you were driving behind a car.

SHARING THE ROAD WITH SCHOOL BUSES

It is illegal in all 50 states to pass a school bus that is stopped to load or unload children.

If the yellow or red lights are flashing and the stop arm is extended, traffic must stop

The area 10 feet around a school bus is the most dangerous for children; stop far enough back to allow them space to safely enter and exit the bus

Don't block the crosswalk when stopped at a red light or waiting to make a turn, forcing pedestrians to go around you; this could put them in the path of moving traffic

Take extra care to look out for children in school zones, near playgrounds and parks, and in all residential areas

Always stop for a school patrol officer or crossing guard

SHARING THE ROAD WITH PEDESTRIANS

In a school zone when flashers are blinking, stop and yield to pedestrians crossing the crosswalk or intersection

Don't honk or rev your engine to scare a pedestrian, even if you have the right of way

Never pass a vehicle stopped for pedestrians

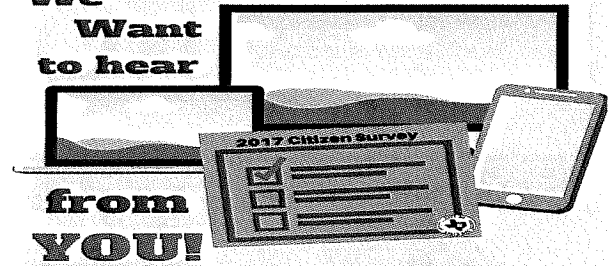

Always use extreme caution to avoid striking pedestrians wherever they may be, no matter who has the right of way

Citizen Survey

The 2017 Citizen survey was created to receive feedback from Robinson citizens on what is most important to them. Responses will aide city council and staff when planning for the future of Robinson and will assist in prioritizing work and projects based off what our citizens deem most important.

The survey will take around 15 minutes to complete and can be found at <http://conta.cc/2unfiXk>. You can also find the link on the city website and Facebook page. If there are any questions please feel free to contact Destiny DeLillo at 254.662.1415 or d.delillo@robinsontexas.org

Grande Communications Movie in the Park

To allow the kiddos an opportunity to sing their summers ending blues away, right before school starts, we have changed the last Grande Communications Movie in the Park event to Friday, August 18th. This will hopefully provide kids with one more thing to look forward to before school starts the following week.

We also have been very disappointed with the movie showing and sound quality at the last two events and have made huge strides to correct this for our last movie. In our best efforts to provide a fun summer on a tight budget we decided to try a different company (trial and error) that would allow us to stretch the budget to three different evenings instead of one, and have learned the lesson "you get what you pay for". To ensure an ideal movie experience we completed lots of research and we were able to score higher quality equipment. So, we hope you will give us a second chance and join us at our beloved Peplow Park for one more movie in the park before school starts. Mark your calendar as busy for Friday, August 18th!

Community News

We estimate that power will be restored by 05/16 6:00 a.m.
